

PREMDOR
F.S.C. POLICY STATEMENT

For our range of Moulded Panel Standard Core Doors it is the policy of Premdor to utilise sources of F.S.C. certified, controlled and reclaimed / recycled material.

To achieve this policy Premdor, will establish and maintain an efficient and effective documented management system which meets or surpasses the requirements of the F.S.C. standards.

It is also our policy for the above range of doors to purchase material that has been evaluated to exclude wood from :-

- Forest areas where traditional or civil rights are violated.
- Uncertified forests with threatened High Conservation values.
- Genetically modified (GM) trees.
- Forest areas which have been illegally harvested .
- Natural forests cleared for plantation or other use.

Through F.S.C. chain of custody the Directors and Employees of Premdor demonstrate their commitment to environmentally and socially responsible forest management .
